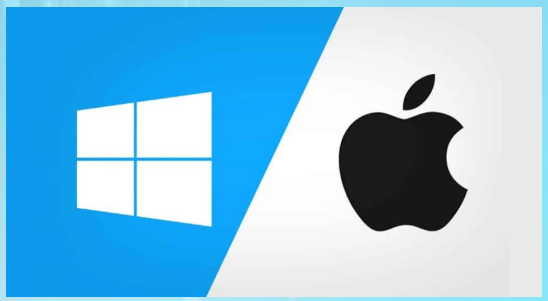
OUR SERVICES

IT Equipement and Hardware :



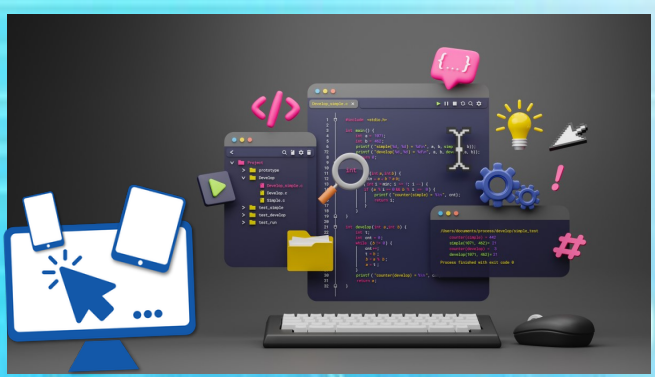
We provide high-quality equipment that helps you reduce costs and risks at every stage of your IT lifecycle.

Printing and Photocopying:

We provide you with all the equipment needed for printing and copying your documents independently.

Web Application Development:

Creation of custom websites and web applications tailored to your specific needs.



Accessory

Accessories for Apple devices, laptops, and professional desktop computers (mouse, keyboards, docking stations, etc.).

Networks and Surveillance Cameras:

Discover how to make the right decisions regarding the design and maintenance of your network to help your business grow. We offer a wide range of products combining quality and price.

Installation & Maintenance :

Our IT lifecycle management teams offer solutions for the maintenance of your equipment, extending its lifespan while optimizing economic, operational, and environmental performance. (Systems and Software)

Follow-Up :

Our sales representatives and technicians work daily to ensure the follow-up of your goods, from purchase to delivery. Although we record a very low return rate, our teams are ready to handle any requests concerning product anomalies.

With Junior-Solution-Tech, the security of your data and IT equipment is guaranteed.
